ABSTRACT

Designed to be part of a basic reading and writing course for adult and teenage students, this skill book teaches the name and one sound for each letter in the alphabet plus the writing of small and capital letters and numerals. The skill book also lays an essential foundation in word attack and comprehension skills which will be mastered in subsequent skill books. Vocabulary is controlled; 132 words, including variants, are introduced and used in context. Sentence structures in the skill book are limited to common patterns like subject-object-verb. (RS)
